PHOTOGRAPHY BY DOUG POLLARD

The mission of the Mendocino Coast Botanical Gardens is to conserve plants suited to the climate of the Mendocino Coast and display them for the enjoyment of our guests.

The Mendocino Coast Botanical Gardens offers everything from colorful displays to thunderous waves. The mild maritime climate makes it a garden for all seasons, attracting gardeners and nature lovers. With manicured formal gardens, a dense coastal pine forest, native flora and habitats, fern covered canyons, camellias, rhododendrons, magnolias and conifers and flower-filled coastal bluffs overlooking the blue ocean, the garden is a jewel on the Pacific Coast.
