

“Art of Classical Ballet” Program

Fall 2018 Session: August 27-December 10, 2018

(No classes September 3rd for Labor Day and November 18th-25th for Thanksgiving Break)

An audition is required to be accepted in the “Art of Classical Ballet” Program. Dancers must attend ALL classes in their level. This program was developed to give the serious ballet student ages 8-25 the opportunity to train at a professional level. Even though only a small percentage of dancers from this level will go on to be professional dancers, the training they receive prepares them for that dream as well as gives dancers valuable life skills. Benefits of ballet training include flexibility, strength, self-esteem, body awareness and respect, and focusing skills. Dancers from this level are chosen to be members of the Mendocino Ballet Company. Students who choose to enroll in this level are expected to commit to a year-round schedule. Dancers in this level also have the opportunity to perform special roles in our annual "Nutcracker", Spring Concert and School Tour as well as participate in our Cultural Exchange Program in France.

Visit us on the web at www.mendocinoballet.org or call the office for more information on class attire, policies and class descriptions. 707-463-2290
